

We respectfully acknowledge the pain the USA and other peace-loving nations suffered as a result of the atrocity of 9/11 and trust that true peace can be achieved within one lifetime. It is our unwavering intention to educate, influence and advocate for change at every level and in every sphere, for as many years or decades as is needed, in order to help achieve a sustainable global peace.

Your friend in peace,  
Nola Hennessy 9/11/15 ☺
