WHO WE ARE

Serenidad Consulting® was created in January 2010, and founded on the unwavering principles of *Excellence, Great Leadership* and *Positive Personal Power*. These principles are reflected, as much as humanly possible, in every aspect of our business operations and philanthropic activities worldwide.

Our Founder and Chief Executive Officer, Nola Hennessy, leads Serenidad Consulting®, a truly unique and evergreen organization that delivers products and services via three core business streams – **Peace Negotiation; Strategic Consulting; and Education**. All products and services delivered by Serenidad Consulting® and The Peace Ranch® are underpinned by both our principles and a strategic intent to facilitate a shift to more positive, constructive relationships and (with the support of like-minded others) global peace.

Nola looks at global peace through an educator's lens, is committed to working with others to see this vision become a reality, and has an enduring commitment to empowering people. This in turn empowers Serenidad Consulting® and The Peace Ranch® to remain focused on the strategy of *prevention* to achieve sustainable change.

Serenidad Consulting® Head Office is located in the SE NSW region of Australia. To deliver services to our global clients in a timely and safe manner, we adopt a range of virtual delivery, conferencing, and collaboration mechanisms. As needed, we can relocate our specialists to agreed locations around the world.

Our consistent business governance model and framework of best practice systems, including our comprehensive quality and safety management systems, have been in place since mid-2010 and are based on a combination of Australian and International Standards. This helps us to deliver cost-effectiveness, client satisfaction and business efficiencies across all our business streams.
